

## Postal 2000 Rear-Loading & Postal 3000 Front-Loading Lockers

Our Postal 2000 rear-loading lockers and Postal 3000 front-loading lockers are private use mailboxes constructed of heavy-duty extruded aluminum frames and decorative die-cast aluminum doors with gold powder coat finish. The doors are designed with an indentation for easy application of adhesive identification numbers. We manufacture mailboxes using only the highest quality standards set by the United States Postal Service.

PRIMARY USES: Postal (USPS) Distribution

### FEATURES

- Each door is equipped with a 5-pin cam lock (1000 changes) and 2 keys
- Shelves are high impact polymer
